

A PREMIER QUALITY MANUFACTURER OF DEFENSE AND AEROSPACE PRODUCTS

CORE COMPETENCIES

MSP Aviation, Inc. manufactures precision machined assemblies and sheet metal fabrications such as electronic and avionics boxes, housings, enclosures, vessels, mounts and brackets. MSP offers its customers a wide range of machining and sheet-metal fabrication capability. From short run prototypes to large quantity production runs, MSP is a highly versatile and highly efficient organization. MSP can process your parts to specification and provide you with a certificate of conformance.

DIFFERENTIATORS

- Over 75 Years of Quality Parts Manufacturing
- Boeing B.Q.M.S Certified
- FAA Approved Manufacturing Facility
- ISO 9001: 2015 Certified and AS 9100D
- Indiana Certified Small Business Enterprise (SBE)
- NADCAP Certified
- RoHS
- ITAR Registered

EQUIPMENT TECHNOLOGY

- » Precision CNC Turning and Milling - Multi Axis CNC machines (Lathes - x=9", z=21") (Mills Max - x=58", y=34", z=30")
- » CNC Brake Press Fabrication
- » CMM Inspection
- » Water-jet Cutting (12' bed, 2-axis)
- » Grinding
- » Sanding
- » Swaging
- » Punch Press
- » Riveting
- » Painting
- » Cold Press Forming
- » Assembly
- » Non-Destructive Testing
 - Dypenetrant Inspection
 - Magnetic Particle Inspection
- » Brazing
- » Silk Screening
- » Welding
- » 3D Printing
- » Engineering Services
- » MSP provides additional outsourced services including but not limited to Heat Treating, Coatings (Andoize, Chem Fil, Nickel Plating, etc.), NDT, Brazing, Powder Coatings, etc.
